

IN THE SUPREME COURT, STATE OF WYOMING

October Term, A.D. 2014

In the Matter of the Repeal of the Existing Order)
on Uniform Citation Form and the Adoption of a)
New Order on Uniform Citation Form for Use in)
Wyoming Courts of Limited Jurisdiction)

**ORDER REPEALING THE EXISTING ORDER REGARDING UNIFORM
CITATION FORM FOR USE IN WYOMING COURTS OF LIMITED
JURISDICTION**

AND

**ORDER ADOPTING NEW UNIFORM CITATION FORM FOR USE IN
WYOMING COURTS OF LIMITED JURISDICTION**

This matter came before the Court upon a recommendation from the Bond Committee. In anticipation of the statewide use of e-citations, this Court repealed the 1986 Order on Uniform Citation Form and adopted a new Uniform Citation Form on April 1, 2014. It has since been recommended by the Bond Committee that the Uniform Citation Form be repealed and a new Uniform Citation Form be adopted. The Court, having carefully reviewed the recommendation, finds that the Uniform Citation Form should be repealed and a new Uniform Citation Form be adopted. It is, therefore,

ORDERED that effective January 5, 2015, the existing Order adopting the form of the Uniform Citation for use in Wyoming Courts of Limited Jurisdiction, signed April 1, 2014, be, and hereby is, repealed; and it is further

ORDERED that a new Uniform Citation Form, attached hereto and incorporated herein, shall be, and hereby is, adopted for use in all Wyoming Courts of Limited Jurisdiction; and it is further

ORDERED that (except for a reasonable time to utilize existing forms) no other form of citation may be used as a charging document in any Wyoming Court of Limited Jurisdiction; that there shall be only one charge per citation; that all citations filed with all

Wyoming Courts of Limited Jurisdiction shall be in uniform numerical sequence; that the original citation and all copies thereof shall be legible for use by the courts and by the state agencies having administrative duties and responsibilities with respect to said citations; that the Bond Committee shall review and recommend to the Supreme Court any and all changes to the Uniform Citation Form as well as any and all changes to the Wyoming eCitation Repository Gateway Requirements (which primarily follows the NCIC data codes), attached hereto and incorporated herein; that any eCitation shall look substantially like the Uniform Citation Form, and any superficial differences shall be approved by the Bond Committee; that it be duly noted that the Wyoming Highway Patrol has consented to continue to serve as the central supplier of the uniform citation forms, and has established a billing process for such purpose; and it is further

ORDERED that if a citation, written under Title 31, Motor Vehicles, Wyoming Statutes Annotated, is not paid in full within ten years of issuance, the court may order the case be dismissed and the file destroyed. This does not apply to those citations written for W.S. § 31-5-233, driving under the influence; and it is further

ORDERED that this order and attachments be published in the advance sheets of the Pacific Reporter and that this order and the attachments be made available online at the Wyoming Judicial Branch's website, <http://www.courts.state.wy.us>. The order and its attachments shall thereafter be recorded in the journal of this Court.

DATED this 25th day of November, 2014.

BY THE COURT:

/s/

SUMMONS

NOTICE TO VIOLATORS-READ CAREFULLY

There are several violations of law which require appearance before a judge. When you have been charged with one of those offenses, or when the arresting officer has reasonable cause to believe that you will disregard your promise to appear in court, the arresting officer will take you to the proper judge without delay.

Wyoming is a member of the Nonresident Violator Compact. If you reside in Wyoming or a member state and fail to post bond or appear in court for a violation of a traffic offense, your driver's license may be suspended.

DISPOSITION PROCEDURE

If the box labeled "MUST APPEAR" is checked on this citation, you are required to present yourself to the designated court on the date and time indicated. If the box labeled "may forfeit bond in lieu of appearance" is checked, this case may be disposed of in one of the following ways:

- (1) Appear before the court as promised and plead "not guilty" which entitles you to: (a) a trial at a future date to be set by the court, (b) an attorney, or a court appointed attorney under certain conditions, and (c) a bond hearing on that date if your trial date is set over to another date. At the trial the burden of proof is upon the prosecution to prove the charge beyond a reasonable doubt.
(2) Appear before the court and plead "guilty" or "nolo contendere" (no contest) and pay the fine and costs as assessed by the judge and/or serve a possible jail sentence. You will be given an opportunity to explain the facts and extenuating circumstances.
(3) Except for offenses requiring your personal appearance, you may avoid court appearance if you deposit bond and costs fixed by the Wyoming Supreme Court or Municipal Court for the offense for which you are charged. You may post this bond with the officer that has issued this citation (if authorized by law), with the court, or by mail. If you wish to pay by mail, please do so by money order or cashier's check (NO CASH). The payment must be for the exact amount and must be received before the court date. Please write the citation number on the payment and mail it with this copy of the citation to the designated court.

NOTICE

Failure to comply with one of the above procedures may result in the issuance of an arrest warrant for you with the possible additional charges of failure to appear.

If you do not sign the below Waiver and Forfeiture, the bond you have posted will be automatically forfeited if you do not appear in court. Bond forfeiture will be treated the same as a conviction by driver's licensing authorities.

WAIVER AND FORFEITURE

I, the undersigned, do hereby knowingly waive my right; (a) to appear before a judge; (b) to an attorney; (c) to a trial, and do hereby voluntarily forfeit bond to the offense charged in the citation, understanding that when I sign below, I do not have to appear before a judge and the case is then disposed of.

Final	08/07/2014	1.2.0.1	Doug Schmidt	Changed VIC field to VIN
Final	11/26/2014	1.2.0.2	Doug Schmidt	Changed Language about Initial Appearance on printed citation.

1 Introduction

This design document is intended for a technical audience concerning the Supreme Court electronic citation (e-citation) submission gateway. In this context, gateway is technically defined as a web-service, or a secure tool set that enables the exchange of data over the Internet.

Specifications in this design document are intended to be the electronic “baseline” for e-citation data filed into circuit courts. This may be updated to reflect current changes.

Advantages of using a web service for the e-citation gateway include:

- **Platform independence** – Any entity wanting to exchange data with the gateway can use the development integration technology that they are most comfortable with.
- **Security** – Access to the web service is by exception only. This includes only authorized machines being able to interact with it. Communications with the e-citation gateway is SSL-encrypted to enable Internet submission.
- **Ease of Integration** – Communicating with a web service is within technical reach of most software organizations. For example, your application would construct a SOAP request message, send it to the gateway via HTTPS and wait for a SOAP response.

The e-citation submission process populates the Citation Repository which is a repository for all e-citations generated in Wyoming. There is no interface to facilitate the retrieval, updating, or removal of citation data once it has been submitted to the gateway at this time.

This document defines the citation data to be sent to the repository, the electronically generated format of the e-citation that is presented to the defendant and the format of the e-citation that is presented to the courts. If an agency generates a citation to give to the defendant, it must match the defendant copy noted in Appendix L. If when the e-citation is submitted to the repository it does not have a PDF version of the Court copy the repository will generate one that matches the court copy noted in Appendix M.

2 Participation, Questions, and Contact

Submission of e-citation data to the gateway is a secure process. This begins with an authorized justice entity representative contacting the Supreme Court for electronic authorization and credentials. The process of being authorized is described below:

1. Visit the <http://citationgateway.courts.state.wy.us> web site for up to date documentation concerning the usage and participation with the gateway.

2. Using the form on the above website, please submit a notice of interest to use the gateway. Examples of information required includes: participating entity name, entity contact information, outgoing IP address of submitting entity that will be used to test submission with a testing-gateway.
3. The Supreme Court will then respond with further documentation required to create an interface for communicating with the gateway. This includes how to access the Web Service Definition Language, the test site address, your entityID and password.
4. Create your application to submit e-citation data.
5. Using the test-gateway, test your application until all development has occurred with the submission application process.
6. Upon successful e-citation submission, further coordination with Supreme Court staff will be necessary for local court scheduling, training and deployment of electronic citations.

3 Web Service Design Specifications

There is one method for submission of electronic citation data to the gateway, InsertCitations. The data passed to this web service method is contained in several data objects.

The gateway standardizes data while it also remains flexible in letting an entity choose the terminology it wishes to print on a citation. To that end any value on a citation that could be derived from a multiple choice option such as a “drop down box” or “check box” will have a standardized code but the description can be whatever is used by the submitting entity; wherever possible NCIC codes will be the standard to assign to a description.

For example hair color as described in [Appendix D](#) uses the NCIC code of BLN to mean Blond or Strawberry. On the citation given to the defendant, the software printing the citation might print BLND or blond or STWBRY. In the data record sent to the eCitation repository the code BLN should be sent with the description printed on the citation given to the defendant. In this way the citation as it was given to the defendant can be recreated from the repository and data reporting will have a uniform value to use to identify terms and values.

Web Service Method

InsertCitations

This method is used to send citations to be inserted into the eCitation repository database. The Response object returned will contain a message of the overall success of the request. It also contains a list of the citations that were in error and what the error is.

	Name	Description
Method Name	ReceiveCitations	Call this web service method to send eCitations to the gateway.
First Parameter	DataInterface.TEntityInfo	Data type object containing the requesting agencies login information. Object description below.
Second Parameter	DataInterface.TCitationDataset	Object type containing the citations to be entered into the eCitation repository
Return Variable	DataInterface.TResponse	Object type containing the result of the inserted citations.

Signature:

DataInterface.TResponse InsertCitations(*DataInterface.TEntityInfo* EntityInfo,
DataInterface.TCitationDataset CitationDataset)

DataInterface objects

Following are the definitions of the objects sent and received from the Citation Gateway.

TDataInterface. TEntityInfo

The TEntityInfo holds the identification information for the entity making a request.

Data Type	Name	Description	Required
String 3	EntityID	String type variable to hold the entity ID supplied by the Wyoming Supreme Court upon request to access the eCitation repository.	Yes
String 25	Password	The password assigned to the entity supplied by the Wyoming Supreme Court.	Yes

TDataInterface. TResponse

The TResponse object is used to hold the success or failure code returned from a call to the web service method and any citations in error that were not inserted into the citation gateway.

Data Type	Name	Description
String 10	Result	String type variable to hold either one of three results from the call to the web service. <ul style="list-style-type: none"> • SUCCESS – There were no warnings or errors that occurred in processing this request. • WARNING – The web service was able to process this request but there were issues encountered that need to be addressed. • ERROR – the web service was not able to process this request.
String MAX	Message	String type variable to hold a more detailed message in

		correlation with the Result that is sent back from the request made.
TCitationDataset	CitationDataSet	Object type containing the citations sent. Each electronic citation will have a status associated with it to indicate the load status of that individual citation.

TDataInterface.TCitationDataset

The TCitationDataset object contains a collection of citations to be entered into the eCitation repository through the InsertCitations method.

Data Type	Name	Description	Required
Int	NumCitations	An integer to hold the number of citations in the data set.	Yes
TCitation Array	Citations	This is an array of citation objects. Each citation object contains one citation to be stored in the eCitation repository.	Yes

TDataInterface.TCitation

The TCitation object holds all of the fields of a single citation to be stored in the eCitation repository. For the method InsertCitations certain fields on the citation are required to store a complete citation in the repository. If fields marked as Warning are missing a message will be returned to the calling entity with a message stating as much via the TResponse object type.

Data Type	Name	Description	Warning
String 3	EntityID	For insert this field is empty and assigned according to the data in the TEntityInfo object. For retrieval it is populated.	
datetime	Entered	This is the date and time assigned to the citation when it is inserted into the repository. Format: MM/DD/YYYY hh:mm:ss.mil	
String 15	VersionID	Version ID of the citation being entered.	
String 10	AppearAtCourtCode	The values for these codes are specified by the court system these citations are bound for. See Appendix K for a list of courts and codes.	Yes
String 15	CitationNumber	Unique citation number across all agencies in the State of Wyoming See Appendix A for the format	Yes
String 10	CitationComplaintType	Type for this citation: Values: CITATION or COMPLAINT	
String 5	CourtJudgeType	Value: COURT or JUDGE	Yes
String 50	CourtJudgeName	The name of the court or judge.	Yes

String 10	CountyCityTownType	Valid Values: COUNTY, CITY, TOWN	Yes
String 3	CountyCityTownCode	This code should be zero filled. County codes are 001-023 and the city and town codes run from 100 – 316 at the time of printing this document. See Appendix B to match county, city and town names to their code.	Yes
String 50	CountyCityTownName	See Appendix B for a possible list of Wyoming County, City and Town names. This value should be what was printed on the citation given to the defendant and does not need to be a value in Appendix B .	Yes
String 50	DefendantLastName	Defendant last name	Yes
String 50	DefendantFirstName	Defendant first name	Yes
String 1	DefendantMI	Defendant middle initial	
String 150	DefendantAddress1	Defendant address line 1	Yes
String 150	DefendantAddress2	Defendant address line 2	
String 100	DefendantCity	Defendant city address	Yes
String 2	DefendantState	Defendant state address	Yes
String 4	DefendantCountryCode	Defendant county code: Valid NCIC country code. (http://www.oregon.gov/OSP/CJIS/NCIC.shtml)	
String 10	DefendantZip	Defendant zip code	Yes
String 150	DefendantMailAddress1	Defendant mailing address line 1	
String 150	DefendantMailAddress2	Defendant mailing address line 2	
String 100	DefendantMailCity	Defendant mailing address city	
String 2	DefendantMailState	Defendant mailing address state	
String 4	DefendantMailCountryCode	Defendant mailing address country code: Valid NCIC country code. (http://www.oregon.gov/OSP/CJIS/NCIC.shtml)	
String 10	DefendantMailZip	Defendant mailing address zip	
Date	DefendantDateOfBirth	Defendant date of birth Format: MM/DD/YYYY	Yes
String 1	DefendantSex	Values: M/F/U	Yes
String 1	DefendantRaceCode	Valid type code: See Appendix C	Yes
String 20	DefendantRaceDescription	This should be the value printed on the citation given to the defendant.	
String 5	DefendantEthnicityCode	'H' for Hispanic/Latino. 'N' for Non-Hispanic/Latino. 'U' for unknown	
String 3	DefendantHeight	Three digit code for defendant height measured in feet and inches: i.e. six feet, two inches = 602; six feet, ten inches = 610	Yes
String 3	DefendantWeight	Three digits, measured in Lbs. This field should be zero filled. If the Wyoming drivers license shows a code instead of a weight then put in the code and zero fill the field.	Yes

String 3	DefendantHairColorCode	Valid NCIC hair color code: See Appendix D	Yes
String 20	DefendantHairColorDescription	This is a description of hair color and should be the same value as what was printed on the citation given to the defendant	Yes
String 3	DefendantEyeColorCode	Valid NCIC eye color code: See Appendix E	Yes
String 20	DefendantEyeColorDescription	This is the description of the eye color and should be same value as what was printed on the citation given to the defendant.	Yes
String 30	DefendantDriversLicenseNumber	Drivers license number of the defendant	
String 2	DefendantDriversLicenseClassCode	Drivers license class for the defendant, valid values only for the State of Wyoming: See Appendix F	
String 25	DefendantDriversLicenseClass	This should be the value printed on the citation given to the defendant.	
String 2	DefendantDriversLicenseState	Drivers license state for the defendant	
String 4	DefendantDriversLicenseCountry	Country code for the defendant. Valid NCIC country code. (http://www.oregon.gov/OSP/CJIS/NCIC.shtml)	
String 10	VehicleLicenseNumber	License plate number of the defendant's vehicle	
String 2	VehicleRegisteredState	State of the defendant's vehicle	
String 4	VehicleMakeCode	Valid NCIC Vehicle make code See Appendix G	
String 25	VehicleMakeDescription	This field should contain the description of the vehicle make. It should be the same as what appears on the defendant's citation.	
String 25	VehicleModelDescription	This field should contain the description of the vehicle model. It should be the same as what appears on the defendant's citation.	
String 4	VehicleYear	Four digit year of the defendant's vehicle: Format YYYY	
String 7	VehicleColorCode	Valid NCIC color code: See Appendix H	
String 30	VehicleColorDescription	This field should contain the description of the vehicle color. It should be the same value as what appears on the defendant's citation.	
Bool	VehicleCommercialFlag	True/False value if the defendant's vehicle is a commercial vehicle or not	
String 2	VehicleTypeCode	Valid vehicle type code: See Appendix I	
String 15	VehicleTypeDescription	This is the description of the vehicle type. It should be the same as what appears on the defendant's citation.	
Bool	CommercialViolationFlag	True/False value if the violation was a commercial violation	
Bool	CommercialPounds10To26Flag	True/False value if the vehicle weighs 10,000 to 26,000 Lbs.	
Bool	CommercialPoundsOver26Flag	True/False value if the vehicle weighs more	

		than 26,000 Lbs.	
Integer	PoundsOverWeight	This is the number of pounds the vehicle is over the weight limit.	
String 30	VehicleDOTNumber	Vehicle department of transportation number	
Bool	VehiclePlacardedFlag	True/False value if the vehicle was placarded for hazardous material	
String 30	VehicleHazMatID	Vehicle Hazardous material ID number	
String 150	DefendantCompanyName	Company name of the defendant	
String 150	CompanyAddress1	Address line one of the defendant's company	
String 150	CompanyAddress2	Address line two of the defendant's company	
String 100	CompanyCity	City of the defendant's company	
String 2	CompanyState	State code of the defendant's company	
String 4	CompanyCountry	County code of the defendant's company: Valid NCIC country code. (http://www.oregon.gov/OSP/CJIS/NCIC.shtml)	
String 10	CompanyZip	Zip code of the defendant's company	
String 15	DefendantGnFLicenseNumber	Defendant's Game and Fish license number	
datetime	InfractionDateTime	Date and time of the infraction. Format: MM/DD/YYYY hh:mm:ss	Yes
String 10	SectionNumber	Section number of the incident location	
Decimal (6,3)	MilePost	Mile post marker of the incident location. Format is mile and tenths of miles. Decimal format ###.###	
String 2	RoadTypeCode	Valid Road type code of incident location: See Appendix J	
String 15	RoadTypeDescription	See Appendix J to match the road type code to the description. This description should be the value printed on the citation given to the defendant and does not need to be a value in this list.	
String 5	TravelDirection	Travel direction of the vehicle when the incident occurred	
Decimal (9,6)	Latitude	The latitude of where this incident occurred. Decimal Format: (+-)###.#####	
Decimal (9,6)	Longitude	The longitude of where this incident occurred. Decimal Format: (+-)###.#####	
String 250	LocationDescription	Text description of where the incident occurred.	
String 250	LocationComment	Text comment of LocationDescription	
String 10	AgainstCountyCityTownType	Type code of the location for where the incident took place, Values: COUNTY, CITY, TOWN	Yes
String 3	AgainstCountyCityTownCode	This code should be zero filled. County codes are 001-023 and the city and town codes run from 100 – 316 at the time of printing this	

		document. See Appendix B to match county, city and town names to their code.	
String 50	AgainstCountyCityTownName	See Appendix B for a possible list of Wyoming County, City and Town names. This value should be what was printed on the citation given to the defendant and does not need to be a value in Appendix B .	Yes
String MAX 2GB	IncidentDescription	The description of the incident.	Yes
Integer	PostedSpeed	If the incident was speeding this is the posted speed in the area of the incident.	
Integer	CitedSpeed	If the incident was speeding this is the actual speed of the defendant's vehicle in the area of the incident.	
String 10	StatuteOrdinanceType	Type specifying if this incident was in violation of a Statue or Ordinance. Values: STATUTE or ORDINENCE	Yes
String 40	StatuteOrdinanceNumber	This is the Wyoming statute or ordinance number that corresponds to the infraction. If submitting a Wyoming statute the number must be in the format as dictated by the Wyoming Supreme Court. Please see section 4 Wyoming Statutes for more detail on this topic.	Yes
String MAX 2GB	StatueOrdinanceDescription	This is the description associated with the statue number noted above: It should be the text that was printed on the citation that was given to the defendant	Yes
String 25	VIN	Vehicle Identification Number	
String 50	ComplainantFirstName	First name of the person making the call to the police department reporting the incident	
String 50	ComplainantLastName	Last name of the person making the call to the police department reporting the incident	
Bool	CrashFlag	True/False value indicating whether or not there was a crash involved with this incident	
Decimal (4,3)	BAC	The Blood Alcohol level of the individual if this is an alcohol related incident. Format: #.###	
datetime	SwornDateTime	The date and time this citation was written. Format: MM/DD/YYYY hh:mm:ss	
String 10	JudgeNotaryType	Value: JUDGE or NOTARY	
String 100	JudgeNotaryName	Name of the judge or notary this citation/complaint was notarized by	
Datetime	AppearanceDateTime	The date and time the defendant is to appear in court. Format: MM/DD/YYYY hh:mm	Yes
String 10	AppearAtCourtType	Type of court the defendant is to appear at. Values: DISTRICT, CIRCUIT, MUNICIPAL	Yes

String 150	CourtLocationAddress1	Address line one of the court location the defendant is to report to on the court date set.	Yes
String 150	CourtLocationAddress2	Address line two of the court location the defendant is to report to on the court date set.	
String 3	CourtLocationCityCode	This code should be zero filled. County codes are 001-023 and the city and town codes run from 100 – 316 at the time of printing this document. See Appendix B to match county, city and town names to their code.	Yes
String 50	CourtLocationCityName	See Appendix B for a possible list of Wyoming County, City and Town names. This value should be what was printed on the citation given to the defendant and does not need to be a value in Appendix B .	Yes
String 10	CourtLocationZIP	Zip code of the court location the defendant is to report to on the court date set.	Yes
Bool	MustAppearFlag	True /False value to indicate if the defendant must appear or can pay this citation without going to court.	Yes
Bool	ForfeitBondFlag	True/False value to indicate if the bond amount on this citation can be forfeited to pay for the citation.	Yes
Byte Array MAX 2GB	DefendantSignature	Due to Legislative changes this value is not used at this time.	
String 50	OfficerFirstName	The first name of the officer issuing this citation	Yes
String 50	OfficerLastName	The last name of the officer issuing this citation	Yes
String 5	OfficerBadgeNumber	The badge number of the officer issuing this citation. Please see Section 5 Officer List for other requirements on this field.	Yes
String 15	OfficerDepartment	This is the Officers department written on the citation	
String 15	OfficerAgencyORICode	The Agency ORI code that this officer works in	Yes
String 50	OfficerAgencyDescription	The Agency Description that this officer works in	
Decimal	BondAmount	The bond amount of this citation. This is a decimal value and the dollar sign is not needed. Format: #####.##	Yes
Bool	NoBondTakenFlag	True/False value to indicate if the officer writing this citation took the bond amount at the time the citation was written	Yes
Bool	SeatBeltInUseFlag	True/False value to indicate the defendant was wearing a seatbelt at the time of the infraction	Yes
Bool	ArrestedFlag	True/False value to indicate the defendant was taken into custody and arrested.	

Integer	ItemsAllowedInPossession	This is the number of items allowed based on statute that may be in the possession of the defendant. It can be the allowed number fish or birds or any other item.	
Integer	ItemsInPossession	This is the actual number of items that the defendant has in his or her possession.	
String MAX 2GB	NiemXML	This is an XML value for representing the Citation in the standard NIEM format.	
Byte Array MAX 2GB	CitationPDF	This is the Court copy of the citation given to the defendant. (If an agency cannot create this PDF upon submission of a citation through this interface, one will be generated on insert of the citation data into the repository. The format of the PDF will match the court copy in Appendix L	
String 10 (return code from import process)	ImportStatus	A string status to indicate if the citation was imported into the eCitation repository. <ul style="list-style-type: none"> • SUCCESS – This citation was imported with no warnings or errors. • WARNING – This citation was imported but there were issues encountered that need to be reported. • ERROR – There was a major error with this citation and it was not imported. 	
String MAX 2GB (Return Code)	ImportMessage	This is a message that pertains to the validity of this citation and any errors encountered while trying to store this citation. It is not stored in the DB.	

4 Wyoming Statutes

When submitting eCitations that are written against a Wyoming statute; the statute number must match a statute number in the list of statutes maintained by Wyoming Supreme Court. The list of statutes can be obtained by contacting the Wyoming Supreme Court IT department. You will also need to provide a point of contact to receive statute updates.

5 Trooper/Officer list

Any agency submitting eCitations that are bound for Wyoming Circuit courts must provide a list of active officers and their badge numbers to the Wyoming Supreme Court IT. The list must be in an Excel format and contain the following fields in this exact order:

Last Name, First Name, Middle Name, Badge Number, Agency ORI#

Anytime a change has occurred to this list it must be re-submitted to the Wyoming Supreme Court IT department.

Please contact the Wyoming Supreme Court IT to obtain an email address for where to submit the list.

Appendices

Appendix A

eCitation Number specifications:

Currently all citation numbers in Wyoming are unique because there is one controlling entity that prints and distributes the citation booklets. The citation number that gets submitted to the eCitation repository must be unique across all the law enforcement agencies in Wyoming as well, but because each law enforcement agency can have their own electronic system creating numbers electronically there is no way to have one controlling entity giving out citation numbers. To this end a new citation number format has been created that will give each agency the ability to keep track of their own citations numbers. The format of the number is the three digit entity ID number that is used to identify an entity to the eCitation repository and is assigned by the Wyoming Supreme Court, a six digit incremental number, followed by a two digit alpha incremental suffix.

If entity 001 is submitting citations to the repository then it will have 999999 citations that it can create before it increments the alpha numeric double digit to AB and then can start the numbering back at 000001. For example, when the number gets to 999999 it can increment 999999AB to 000001AC and so on until ZZ. This gives each agency the ability to create 675,999,324 citations before they need to roll over and start with 000001 AA again.

Appendix B

County, City, or Town names in the state of Wyoming

County Names

Code	County Name
001	NATRONA
002	LARAMIE
003	SHERIDAN
004	SWEETWATER
005	ALBANY
006	CARBON
007	GOSHEN
008	PLATTE
009	BIG HORN
010	FREMONT
011	PARK
012	LINCOLN
013	CONVERSE
014	NIOBRARA
015	HOT SPRINGS
016	JOHNSON
017	CAMPBELL
018	CROOK
019	UINTA
020	WASHAKIE
021	WESTON
022	TETON
023	SUBLETTE

City or Town names and codes.

Code	City Town Name
100	ACME
101	AFTON
102	ALADDIN

Appendix F

Wyoming Drivers License Class Types: For driver's licenses issued in the state of Wyoming the following reference table applies:

Class "A" Vehicle: Any <i>combination</i> of vehicles with a gross combination weight rating (GCWR) of 26,001 pounds or more, provided the GVWR of the vehicle or vehicles being towed, including the combined weight rating of 2 trailers, is in excess of 10,000 pounds. May operate off-road recreational vehicles and mopeds.
Class "B" Vehicle: Any <i>single</i> vehicle with a GVWR of 26,001 pounds or more and/or towing a single vehicle or trailer that has a GVWR of 10,000 pounds or less. May operate off-road recreational vehicles and mopeds.
Class "C" Vehicle: Any single vehicle, except motorcycles, with a GVWR less than 26,001 pounds OR any vehicle, except motorcycles, with a GVWR less than 26,001 pounds towing a vehicle/trailer with a GVWR of 10,000 pounds or less. May operate off-road recreational vehicles and mopeds.
Class "M" Motorcycle: May operate motorcycles or a 3-wheel trike. Class "M" may be combined with any of the Class "A", "B", or "C" licenses. May operate off-road recreational vehicles and mopeds.
Class "I": Indicates license is an "instruction permit".
Restricted Class "RC," "RC-M" or "RM": May operate a non-commercial Class "C" and/or "M" vehicle within the following restrictions: (1) Valid only between the hours of 5 a.m. and 8 p.m., (2) within a 50-mile radius of their domicile, and (3) only at the direction of their parent or guardian.
Class "I2": May operate a non-commercial Class "C" and/or exempt commercial Class "B" vehicle within the following restrictions: (1) May drive only between the hours of 5 a.m. and 11 p.m., (2) cannot transport more than 1 passenger under the age of 18 years who is not an immediate family member, and (3) the licensee must ensure that all occupants in the vehicle are wearing seat belts.

SUMMONS

NOTICE TO VIOLATORS-READ CAREFULLY

There are several violations of law which require appearance before a judge. When you have been charged with one of those offenses, or when the arresting officer has reasonable cause to believe that you will disregard your promise to appear in court, the arresting officer will take you to the proper judge without delay.

Wyoming is a member of the Nonresident Violator Compact. If you reside in Wyoming or a member state and fail to post bond or appear in court for a violation of a traffic offense, your driver's license may be suspended.

DISPOSITION PROCEDURE

If the box labeled "MUST APPEAR" is checked on this citation, you are required to present yourself to the designated court on the date and time indicated. If the box labeled "may forfeit bond in lieu of appearance" is checked, this case may be disposed of in one of the following ways:

- (1) Appear before the court as promised and plead "not guilty" which entitles you to: (a) a trial at a future date to be set by the court, (b) an attorney, or a court appointed attorney under certain conditions, and (c) a bond hearing on that date if your trial date is set over to another date. At the trial the burden of proof is upon the prosecution to prove the charge beyond a reasonable doubt.
- (2) Appear before the court and plead "guilty" or "nolo contendere" (no contest) and pay the fine and costs as assessed by the judge and/or serve a possible jail sentence. You will be given an opportunity to explain the facts and extenuating circumstances.
- (3) Except for offenses requiring your personal appearance, you may avoid court appearance if you deposit bond and costs fixed by the Wyoming Supreme Court or Municipal Court for the offense for which you are charged. You may post this bond with the officer that has issued this citation (if authorized by law), with the court, or by mail. If you wish to pay by mail, please do so by money order or cashier's check (NO CASH). The payment must be for the exact amount and must be received before the court date. Please write the citation number on the payment and mail it with this copy of the citation to the designated court.

NOTICE

Failure to comply with one of the above procedures may result in the issuance of an arrest warrant for you with the possible additional charges of failure to appear.

If you do not sign the below Waiver and Forfeiture, the bond you have posted will be automatically forfeited if you do not appear in court. Bond forfeiture will be treated the same as a conviction by driver's licensing authorities.

WAIVER AND FORFEITURE

I, the undersigned, do hereby knowingly waive my right; (a) to appear before a judge; (b) to an attorney; (c) to a trial, and do hereby voluntarily forfeit bond to the offense charged in the citation, understanding that when I sign below, I do not have to appear before a judge and the case is then disposed of.
